### Legal and ethical points escape SGA Congress

Hey, want to buy some records at bargain basement rates? How about a no interest loan so you can buy those records?

Well, just drop into the SGA office, which is all ready to start operating its "nifty-swifty record clearing house and loan company" at least that is what can be done according to the do-nothing, good-for-nothing SGA Congress, which cleared four high-level SGA officials Tuesday night for doing the very thing which would make this government of, by and for the students this type of operation for a few elitist officials.

In a move, which is about as logical as the flat-world theory, the Congress continued its policy of growing fat while sitting on its collective posterior by refusing to take any definitive action towards SGA President Roy Herron, SGA Vice President David Farrar, SGA Secretary of Communications Mike Faulk and SGA Secretary of Finance

#### Congress befuddled

At best, the Congressional action could be seen as simply ignoring the problem and it is possible to see it as approval by silence of such actions. And if this is to be the case, then the bag of goodies should be made available to all students since it is the students which finance SGA operations and it is this student money which was so freely loaned to finance these provate ventures.

Herron, who allowed Faulk to order records for him from a discount house which services broadcasters, used the limp excuse that this was no different from using SGA funds to finance his trips to SGA related functions. The major falacy with this excuse is that purchasing records for private use does not fall within the role and scope of the duties of SGA President, or for that matter, and other

The general consensus of Congressional members was that their duty was not to question what use is made of merchandise be used to finance private enterprise not remotely connected with the University.

Never once during this exercise in banality did Congress touch on the crux of the issue, which can be summed up in two points: 1) Did such action fit within the expressed duties of any of the officers involved? and 2) Could the average student have the same advantage of purchasing records by having Ms. Tenry issue an SGA check to pay for such personal purchases?

In the broadest and most general interpretation of the charges of gross negligence of duty, the Congress answered both questions in the affirmative, if not by actual approval, then by silent consent.

But to approach it from a narrow viewpoint, one must ask if such action by SGA officials was to the benefit of the majority of the students on campus, which is supposed to be the primary purpose of the SGA's

And it is patently obvious from the fact that such financial flim flam was kept in tight circles and that the average student had no way of even knowing that such bargains were available, much less having an opportunity to SGA officials would permit them to do

#### Political games

Whatever the true motives of these involved might be, it will never be learned now

Were it left for me to decide whether we should have a government without newspapers, or newspapers without a government, I would not be sitate a moment to prefer the

Thomas Jefferson

EXECUTIVE EDITOR NEWS EDITOR ASST. NEWS EDITOR SPORTS EDITOR EDITORIAL PAGE EDITOR FACULTY ADVISOR

Carl Manning Randy Mashburn Danny Lannom Gall Eidson . Tom Brock Richard Chesteen

because of the kiss-off approach taken by the Congressional members.

Of course, part of the problem can be directly linked to the fact that it is less than a week before the SGA elections and many of those participating in the inquiry had vested interests in that race.

No doubt, Herron, who has been promoting an image of the all-American boy throughout the course of his tenure, did not want to go out of office with questions of his administration's honesty kicking around in the

The bulk of the prosecution was handled by Attorney General Art Swann, who just happens to be Faulk's running mate in the presidential race. No further explanation is needed to see how the scenario is beginning to shape up to note that another vice presidential candidate, Jerry Caruso, was all too eager to sweep everything under the table and forget about it. And of course, there is one of Faulk's opponents, Lee Pritchett, who was serving as speaker of Congress and as such chaired the proceedings.

The whole affair had all the attendent trappings of that old political game of "don't badmouth me and I won't badmouth you."

These candidates, and future leaders of SGA, undertook actions which at best are questionable and the students should think long and hard before making a decision about who should be elected.

#### Weak defense

Throughout the proceedings, Farrar gave his version of the story, in which he said all records he purchased were for his own use and that he, in fact, paid for them himself. Of course it is interesting to note that his check for the payment to SGA is dated the same date as his subpoena for the hearing was served upon him.

And what he said during the hearing differed in many respects from what he told the Pacer less than one month ago. The question was lying then or was he lying to the Congress. No one in Congress cared enough to

The Congress cleared Farrar, Faulk, Herron and Ms. Tenry and there is little which can be done to bring the matter up

But that does not prevent the possibility of taking some long-needed action with Congress, including the calling of complete accountability of its actions and justification for its existence. A first step toward this end would be for the few persons who can think in Congress to initiate action to get an ethics

Such a bill would clearly define what can and cannot be done by an SGA official and could be the beginning of an end to such confusion and ambiguous rules regulating the conduct of persons in office.

At this stage of the game it might be wise to suggest that SGA could make a quick buck in the blanket selling business considering the amount of covering up they are doing.

### Elections need more concern

At a time when the SGA is undergoing the close scrutiny of questioned credibility, the need for a large turnout of students who have thought out the issues of essential for the upcoming SGA elections Monday.

It is essential in that there is a large turnout, if for no other reason than to let everyone know that despite what may have occured in the past, the majority of students still have a basic faith and trust in that governing institution.

It is equally essential in that a large turnout, by sheer numbers, will determine a winner who is acceptable to more than a handful of students and who in the coming months can rely on a body of support when the going gets rough.

While The Pacer will not endorse any specific candidate, it is urged that students study the issues and make their decisions on that basic rather than whether a particular candidate belongs to a certain group or cliche or has more effective advertising.

In the final analysis, abstention is quite impossible... someone has to be elected-the choice is only which, not whether.

### Greek wants to be known as individual

sorry. 1 didn't know that we

Once again, Tom Brock has over-stepped his bounds. I gets his information or his authority, but in both areas,

he's screwed uo.
I'm referring to the "Dig It"
column in the Feb. 28 issue of The Pacer, which was up to his usual critical standards. He seems to think that he has the magical ability to wave his " journalistic" wand and put every student of UTM into a

series of neat little groups. Then, he sets about to criticize the groups, the individuals, the radio station, the people the SGA, and anyone or anything else that doesn't suit his fancy. I'm

attending classes on Tom Brock University still a person and still very individualistic. I can relate to anyone on this campus from 18 to 80 and 1 do everyday. As far as our "different colored jerseys," are concerned, you're right. I have several, and I wear them proudly. If you don't like it, then look the other way when you see one. This might be very hard for you to do, since you are evidently very involved campus and see thousands of

your admirers everyday.
In reference to our "D. J."

#### Campaign poster 'rip off'

To the Editor

On Monday night while campaigning for our choice for SGA President, we posted several campaign posters at some of the local student gathering places. Upon passing by these establishments later the same evening. we noticed the posters we had put up had been torn down. We feel that the type of student who does this kind of

#### A compliment

To the Editor:

l receive your newspaper through a friend from your university, and being a senior in mass communications and journalism, I must compliment all of you on the tremendous job you do in making a great newspaper.

You were not afraid to put in a streaker nor were you afraid to write about the college fad. Not only that but your newspaper is well-planned (at least it appears that way) and is near perfect. I regret that our campus newspaper is not as good.

newspaper is not as good.

We feel that the majority of the problems which plague our SGA every year could easily be solved if people would only cooperate instead of constantly attempting to gain the upper hand by selfish and inconsiderate methods such as were characterized by the individual or individuals

who did not see fit to give our

choice for onice ... chance for publicity. Blll Wyatt

#### Congratulations

Letter to the Editor
l am delighted to learn The

Pacer has received an All American rating from the Associated Collegiate Press. 1 think my successor as adviser, Richard Chesteen, has done a great job as adviser, and that the whole editorial staff deserves congratulations for the production of a conquality newspaper. Dr. John Elsterhold

Former Pacer advlser

own two pairs of pants and one sweater from their store, and thats all because their price l work to pay my food bill, and so do many other students. Besides, where I buy my clothes in Martin or anywhere

else is none of your business.

1 am sick of being stereotyped and classified by people of your evident character. I am a person, a male, a caucasian, a student. member of a Fraternity, on the Honor Corps and the Hospitality Committee, a member of 1.F.C. and my home is in Munford, Tenn. Now if you can take all these characteristics that go together to make me a person, lump them all together, and then classify me in one of your categories, then you are a better man than Frued, and he was a genius. I seriously doubt that you will ever reach his level

I am not trying to start a "paper war". Those idotic past-times are not in my area of interest. I only wished to express my opinion, as you have expressed yours, and I daresay that mine makes more sense to mature people.

1've said it before and here it

anything good or worth your time at Martin, then why the hell don't you transfer? I like UTM and I will be graduated from this University with a deep respect for its purposes. People like you that sit around and constantly bitch must have something lacking somewhere. I hope that someday you can find it.

Drew Malcomb President Phi Sigma Kappa (I'm a Greek

#### **Patience** needed

To the Edltor: The usual SGA elections are

in progress and along with them is the usual poster defacing and ripping. It's difficult to run a campaign on very limited funds, but is even more so when one's publicity is destroyed. It's a narrowminded individual that tears up one's posters.

Please don't take us wrong, we're not accusing the op-position-we understand they're having the same problem. But please have the courtesy to be patient with all the advertising. It will only be up through next Thursday.

Your vote should be based on the candidate, not the candidate's advertising, but advertising is a necessary

Mike Faulk

TOM BROCK

contemporary times out far more than "dream" he had and di Six years ago today the Rev. Martin Luther King Jr. was murdered in his attempt to

murdered in his attempt to bring some justice and equality to Memphis. For many of us, it is difficult to remember where and what we were doing when Ray's(?) bullet shot down one guiding light in this country. Yet, at the same time it is even more difficult for us to imagine the days of "colored facilities" and Blacks riding in the back of buses feeling hatred of those that talked about a free America. Anyone who really gives a damn already knows the story and to repeat it would only bring sorrow and

frustrations to many.

King was a man of varied images, considered anything from a violent Communist to a Christian saviour. He had slept in the Northern and Southern cells of hatred and in rat infeated beds of despair or the clouded road to justice. Sometime he found help, other times rejection. It is in that sense he represented the spirit of american far more than or american tall interest those who often bragged that they did. A spirit that involved all the ideals of "never say die." A spirit that still lives today.

King's real importance was the total impact he had on the average America's way of life. He once sald, "We may not change a person's mind, but we can certainly control his mode of behavior." It was his initiative that gave the start to the journey down the long road of acceptance and contains. equality.
It is indeed an emotional

thing for me to write about the person that I respect as the greatest man of this century. But today is not the time to look back in gloom, but to look ahead and see how we can continue what he died for. That was the way he wanded it remembers we all have be chance to make America what it says it is. AMEN

### Utopia MARVIN MEACHUM

Citizens of Tennessee do not particulary care whether this state falls further into the depths of a fascist police state. Fascism, filled with racism, oppresses and suppresses any ideology which does not coincide with its own. Most certainly, this state descends ever more quickly to an op-

pressive level of It's citize Tennessee state legislators have seen flt recently to legislate morallty while at the same time attempting to force this state's citizens to respect patriotism whether they want to or not.

Legislators can argue that the morality of this state's college students is destroying America's concept of America's concept of everlasting puritanism. State legislators tried to enforce segregation of the two races-male and female on all Ten-

nessee university grounds.

If the legislatora had their way it would be unlawful for males and females attending college to meet one another without first breaking through heavily constructed barriers heavily constructed barriers
"Life, liberty, and the pursui of happiness" granted all American citizens may as well blow away with the autumn

Patriotism will be instilled Patriousm will be insulated in nonbelleveling heathens after the forced segregation of races. Break down the opposition's morale which in this case is mainly college students, and then propagandize these people until they respond and con-

Again, many legislators have tried to make it unlawful for a person to not stand for the pledge of allegiance to the red, white and purple odors of the American flag or not sing the nation's anthem, whatever it is. This action directly violates the First Amendment of American flag or not sing of Amerika's Constitution.

This State's citizens and especially those of us who are immoral college studenta will change our attitudes. Or we will be arrested for im-morality, the two races segregated, then filled with patriotism.

### Coed cooking course offered to non-majors

Pacer Staff Writer
If you are a failure when it
considered to cooking, the Home
Economics Department is
offering a new course which
could be a lifesaver.

### Department chairman hospitalized

Dr. Stanley B. Williams, chairman of the Sociology and Anthropology Department, remains in Baptist Memorial Hospital in Memphis after becoming ill last week.

Physicians are still running tests to determine the nature

tests to determine the nature and extent of Williams' illness, according to Jimmie Alewine, associate professor of sociology.

"At this stage of the game, I do not know what happened," Alewine said. "All you can really safely say is that he is ill."

Aiewlne said he has remained in touch with the Williams family and that Williams' condition is un-

"When he will be back or what's wrong with him I really don't know," he said.

Beginning this quarter, Food Science 1001, is being offered to men and women who are non-Home Economics majors. The three-hour course will deal with practical techniques for selecting and preparing foods.

"The course is designed to belp independent consumers achieve satisfying results and to overcome some of the frustration and cost of beginner's efforts," said Anne. Cook, assistant professor of food science and nutrition. "It has become increasingly apparent that our students are doing more cooking on campus and off campus in trailors and apartments," Ms. Cook said. "I want to teach them such

Cook said.
"I want to teach them such
things as how to make their
own biscuit mlx or cook whole
meals in aluminum foil," she explained.
This is the first time Ms.

Cook has taught this type of class, but she said she had one male in her Food Science 1010 class for majors last spring. "I believe he has gotten a great deal out of it," she said.

"We are hoping others will use this as an alternative to all elective from Liberal Arts."
This class will meet from 1-3

p.m. Monday and Wednesday. Part of the class will be a lab where demonstrations and actual food preparation will take place, she said.

#### Student Fair will display achievements

The second annual Student Activities Fair will be heid 8 a.m. to 5 p.m. April 20, ac-cording to Calvin Moore, fair coordinator.
"This is a way each

organization has of displaying awards and achievements to awards and adherements to the campus body as well as to about 300 high school honor students who will be visiting the campus April 19-20,"

"Each organization on campus is asked to participate in the fair," Moore continued. "This is good PR for not only your organization, but also for UTM. These students will be

abie to get a better look of an 'outside-classroom' view of our University."

Prizes will be given for the most original display, Moore said, and any organization wishing to participate should contact Dr. Donald Sexton in in Cooper Hail or Moore in Austin Peay.

Dr. Miiton Simmons, Dean of Liberai Arts, with two lab assistants Swiers and Mike

the radio staff personnei.
"Our understanding with
Dr. Simmons is the students wili continue to determine the programming with some general policy rules he feels are necessary," Swiers said. "This should present no outward change except an improvement in the air sound of the station.

"The managers in the past have had too much respon-sibility," Swieres continued. "He has been replaced with lab assistants whose duties portant to remember the students still determine the direction of the station.

"The basic change in the radio station is a direct link to the communications programs," Simmons said. "Until such time as we get a co-ordinator for the com-munications department, I will work very closely with Mr. Mike Freeland in the practicums.

"Students had been greatly overworked in the previous britangement." Simmons continued. "It is very useful to have the station off the air part of the day so students can

part of the day so students can have the opportunity to get the basic tools they need. Students with ideas for programming productions will have a chance to get their ideas considered collectively by those associated with the station. Simmons said the by those associated with the station, Simmons said. He said he hopes to someday have a full time director and better facilities at the station. "I feel these lie in the near future. I know I would welcome any suggestions on how we could improve the radio station operation and communications program," he aid. "I appreciate the said. "I appreciate the cooperative attitude of the students who have kept the station going on this contingency basis." 'Exciting and frustrating'

### Pianist began life at forty

Pacer Stall Writer

To Aliison Nelson, of the Nelson and Neal piano duo and artist-in-residence here, life began at 40 when her husband

and partner, Harry Neai, died in September, 1968. "It was exciting and frustrating," Ms. Nelson said, "but for once in my life, I could be me and not just a performer on a stage. Beginning my new life at forty was the greatest achievement

I have ever made."
Since the age of eight,
Aiiison Nelson has been achieving a professional career in which her personality has had to withstand the ageiess ioneliness anguish and frustration known only to a musician.

As a child prodigy, she say not the carefree existance of a normal chiidhood, but the disciplined and rigid life of a mature professionai. Though she expresses some feelings of regret toward her early life, she said that it was well worth the sacrifices she had to

"I shail aiways be grateful to my parents for teaching me how to work hard from the start. My childhood was very disciplined, and from this disciplined life style, I learned to sperifice for the perfection I to sacrifice for the perfection I eeded to become an artist,"

Through the 1950's and 1960's, Ms. Nelson was one of the prima donnas of the concert world, yet no one ever saw the real Allison. To the audiences she was only a performer, paid to perform, to smile, to be gracious to all the

social elite and to be content and happy with this so-called fairy-tale of a life. She, like all musicians, was only a puppet on a string controlled and used by a cruel and demanding audience, she admits.

But even through 32 years of this, Ms. Allison found hap-piness in the fact that she was doing something worthwhile for the world of music as weil as herself. Even now in her scattered personal ap-pearances, one can see in her a feeling of calmness and

Perhaps It Is the contentment in knowing that she no longer has to prove anything to herself, or to anyone eise, or the contentment found in living her own "convenient" life in Paris.

"I love my life in Paris because of the relaxed kind of people you meet there. I can be myself in Paris, and that is what is important to me now, she said.

In being herself, one finds Ms. Nelson, not the helpless, dainty individual seen by the public, but she is a woman of strong personal strength derived from her strongwilled determination to reach the highest goal possible for

her.

"No one really knows how hard I had to work during all those years with Harry. He made all the business decisions, but I suffered every pain that a wife, performer and mother suffers," she said.

As a teacher, Ms. Neison is hard-working and ardent in her attempts to teach her students everything she possibly can. My life is in my teaching, and my greatest disappointment is that I never have enough time to do everything I would like to. My accomplishments lie in my students and in my ability to communicate to them what I know about music." she said. "Education has always been an important thing to me, and

an important thing to me, and I wish I could instill in all my students the willingness to work bard and above all, give

### Chaplin film will feature

NEW LOOK IN THE RIGHT DIRECTION

### Three SGA contests feature competition

### Presidential race headlines elections

Mike Faulk
Background
Age 20; Classification
Senior, Home Church Ihll,
Tenn.; Cluba, offices, honors, Council, WUTM-FM staff, Pre-legal Society, Tennessee Intercollegiate State Legislature, and Legislature, sophomore class vice-president, SGA secretary of communications, WUTM-FM News director, WUTM-FM advertising manager, Ellington Iiall Judicial Board, Alpha Phi Omega pledge class president, Alpha Phi Omega justice, public relations codirector of 1974 Push For St Jude and publicity director for the 1974 Miss UTM Pageant What do you want to ac-complish most in your office?

No one has had the guts to stick their neck out on a \$15,000 group. Polling the students and getting the largest possible sample will be the first step. One of the highest vote getters would be chosen and a major group will

FAULK

be booked for Fall Quarter If, and only if, it sells out there should be no reason why another small concert can't be

Besides concerts, tertainment like dances, movies, dinner theatres, coffee houses and nite-liters will be held every other weekend People would like to have only a small cover charge for these events and apply the money to quality entertainment. I will make

every attempt to see that the SGA Congress gets an op-portunity to have meaningful input in teacher evaluation. Hopefully, these results will play an Important part in the Faculty Senate Committee on tenure and

promotion.

The radio station must stay on the air Something must be done about the slow development of the com munications major l want students involved in selecting a director of the program I also want an increased number of courses, particulary more practicums. What makes you feel you are the most qualified candidate for the position? for the position?

Broad, valuable, past experience coupled with past and current involvement (and a promise of future involvement); proven, dependable leadership, and the ability to work with others as well as lead others, while maintaining a respectable academic average in a demanding curriculum

Judy Hudson

Background Age 25, Classification Junior, Home Owensboro, Ky; Clubs, offices, honors, etc. Resident Assistant in McCord, Crisis Line board 25, Classification

member What do you want to ac-

complish most In your office?
I'd like to see more people getting Involved-an awakening so to speak I'd like to pull out the so-called silent majority and let them have a voice-not just a few well-voiced people running the whole show. What makes you feel you are

the most qualified candidate for the position?

for the position?

I firmly believe that people should not everextend themselves. My basic viewpoint is that quality is preferable to quantity. I view the office of SGA President as co-ordinating and initiating. a co-ordinating and initiating position.
I feel that I am more than

HUDSON

capable of fulfilling this as well as other duties. I feel there are a lot of people in this campus with unexpended energy and knowledge and l feel that I can call upon these resources and expand upon

No one could even think of running for an office of this importance without knowing that there are other people backing them and believing in them. I believe that the tasks I

well All I need is a "little help

Lee Pritchett

Background Age: 20; Classification: Senior; Ilome: Martin, Clubs, offices, honors, etc.: Ag Congressperson, Speaker of Congress, SGA Teacher Evaluation Committee member, SGA Housing, class officer, committee for revision of SGA Bylaws, University Committees of Institution, Speakera, Guidance, Homecoming, AG Club member, Agri-Council member, Alpha Gamma Rho member, past member of SGA's House and Senate, past IFC president.

What do you want to ac-compile most in your office? My major goal in office will be to make Congress, the SGA Cabinet, myself, and SGA as a whole the best representation of the students possible. In doing this I would try to imcommunications between Congress and the Cabinet, between Congress and University administrators and state legislators, and most important, between Congress and the student body

l want to have more ''quality rather than quantlty" in entertainment which will probably solve the financial problem of en-tertalment, and I want to work to make differentiated housing a policy acceptable to all the students by working with University officials and

state legislators.
I want to help establish a sound communication with a strong communication media such as a good radio station and newspaper. All in all I want to assist to my utmost capability, the students in strlving for an institution where learning and living can be enjoyed with a maximum of success.

What makes you feel you are the most qualified candidate for the position? I have had three years

experience working in SGA working with the students and working with the University administration. My ability to represent the students on this campus has Improved each year. I worked, not only in SGA, but In many other organizations and committees on campus. Now, I feel that to best use my capability and experience to benefit my fellow students I must have a position where I could be most

### Three vie for Vice-Presidency . . .

Gary Bulwinkel

Background
Age: 18; Classification
Freshman; Home: Somerville; Clubs, offices, honors, Agriculture member.

What do you want to ac complish most in your office?

A better way of communicating between students.

A more effective way uf dealing with administrative red tape (larger scissors). More student knowledge and participation in hiring and financial processes.

Jerry Caruso

Background

Age: 26; Classification Senior; Home: Philadelphia, Pa.; Clubs, offices, honors etc.: SGA Congressperson, Movie Committee chairman, Entertalnment Committee Entertalnment Committee member, WUTM-FM staff

Editor, Newman Council member, Sigma Tau Delta, Chi Gamma lota, llarry Harrison Krol award, Gooch Foundation Scholarship, and "Who's Who in American Colleges and Universities." What do you want to ac-

complish most in your office?
Good entertainment. Since this is the main function of the Vice-President. I'd like to see other universities as far as UTM come up to par with entertainment goes. This depends on availability of groups and the amount of our budget next year.

Movies should continue to be first rate though the admission price may be 50 cents on some. Movies such as "Deliverance," "Clockwork "Deliverance," "Clockwork Orange," "Last Tango in Paris," and "Jesus Christ Superstar" are among those

Wagon Wheels, nite-lighters and coffeehouses should occur as often as our budget permits. I'd like to see more film series such as the Chaplin films, also more free films. These are ideas not promises. Only a fool or a politician makes promises.

Art Swann

Background Age: 21; Classification: Senior, Home: Maryville; Clubs, honors, offices, etc.: SAE, SGA Attorney General, G-H Ilall Judicial Board '72-73, Tennessee Student Association Representative, UTM Basketball Trainer. What do you want to ac-complish most in your office?

Entertainment. No one has had the guts to stick their neck out on a \$15,000 group. Polling the students and getting the largest possible sample will be my first step. One of the

highest vote getters will be chosen and a major group will be booked for Fall Quarter. If, and only if, it sells out the students support it) there should be no reason why another small concert can't be given free.

You say this is impossible, but it's not. If they break even on a big concert, then they can spend \$1,000 to \$2,000 on groups like Brownsville Station for a smaller concert. If they spend this money they still wouldn't lose as much as was lost this past year. This process will be followed each

The possibilities arc three major concerts and three free concerts. Besides concerts, entertainment like dances, movies, dinner theatres coffee houses, and nite-liters will be held

#### Slate of candidates

President Mike Faulk Judy Hudson Lee Pritchett

Vice-President Gary Bulwinkel Jerry Caruso Art Swann

and Communications

#### Keith Franklin

Background Age: 20, Classification : Sophomore; Ilome: Dover; Clubs, offices, honors, etc.: Pacer staff writer, sophomore class president, U.S. House of Representatives page, Interfaith Center, Ag Club, Push for St. Jude Children's Ilospital, Ellington Hall Association.

What makes you feel you are the most qualified candidate for the position?

I feel I am the most qualified candidate for Secretary of Communications because of my willingness to listen to what other people have to say. Many ex-periences I have had in a variety of on-campus and offcampus activities have given me respect for many different ideas and types of people

#### Dean Hitt

Background Age: 23; Classification: Junior; Home: Nashville, Clubs, offices, honors, etc.: Pacer staff member, former Young Democrat, youth ad-visor for Mary Anderson during governor's race in '70.

What makes you feel you are the most qualifled candidate for the position? My qualifications from on

campus work are based malnly on the lines of communication that I have established between the students through printing and students, through writing and editorial comment in the editorial cartoon, the administration, and the faculty of the University. Also included is the experience from working in public relations in the music industry, and being the operator of my personal business in Nashville

#### Stephen Walker

Secretary

Background
Age: 20; Classification:
Junior; Home: South Fulton;
Clubs, offices, honors, etc.: Eagle Scout, assistant scout master, president of junlor high school and junior and senior high school and junior and senior high classes, president of UMYF, worked In Regional "Up With People"

What makes you feel you are the most qualified candidate for the position?

I feel I am the most qualified candidate for Secretary of Communications because I will be earnest to keep things above board and try my best to exchange communicated and important ideas. I have a good background of working with people and will hope to have the opportunity to serve all of you at UTM.

### Liberal Church stresses Christianity's mystic side

A Liberal Catholie Church has been established in Martin, according to Rev Charles W Clevenger, pastor of the church

### the church. "Our church is built on the Liberal Catholic Church Registration declines from Winter quarter

By CINDY ELDRIDGE Pseer Staff Writer

Enrollment for Spring Quarter reached 4,319 as compared to an enrollment of to preliminary figures released by the registar's office this week.

Registration ended at 5 p.m.

Tuesday and the initial figures do not include late registration, Henry Allison, dean of admissions and records, sald.

"We feel it was one of the smoothest registrations we have ever had in that there was a more regular flow of students," Allison said. "We have not had many complaints about students not getting

what classes they wanted."
Allison said the additional late registration will probably boost the current enrollment to about the same as last

spring's enrollment of 4,385. A survey taken last year revealed that the average time for a student to complete registration was about one hour, 15 minutes, Allison said, adding that he does not consider the time factor of great

importance.
Allison said the registar's office is formulating a plan in mystic and occult side of Christianity and only the youth really seem to understand and appreclate

thought
"Our church takes mostly
from the New Testament,"
Clevenger said. "We teach
about a loving, considerate,
kind, forgiving God. We seek
to give the world the best
elements of Catholicism with the best of Protestantism. On the Catholic side are the seven sacraments and on the Protestant slde we have an earnest attempt to promote religious freedom which a student who does not register at the designated hour will have to wait and

The Liberal Catholic Church erects no barriers around its altar, "Clevenger sald. "What opinlons or beliefs an individual holds is con-sidered to be his own affair. The mind that Is free is in the best condition to grow. Growth into spirltuality enhances the perception of truth which each one must discover for himself and in his own way. Anything less than full mental freedom is thought to retard progress." The Liberal Catholle Church

religious freedom and s natural balance between

devotional aspiration, and

stems from the Old Catholic Church of Holland which Church of Holland which became independent of Rome over two centuries ago, Clevenger said. The clergy are neither forbidden nor enjoined to marry, he continued. They claim no authority over the individual conscience but rather stress is laid on their function as laid on their function as ministers of the divine sacraments, ready to serve those who may ask or need their help, he said.

Clevenger arrived in Martin approximately 29 months ago

approximately 29 months ago and began holding services in his home. Recently he lias secured permission to hold services in the United Church Center on the corner of Lovelace and Charles, he said. Services are at 7:30 a.m. Sunday and 7:30 p.m. Thur

### Med units take nine

Nine UTM students have been accepted by the UT Medical Units In Memphis, Dr. Phillip Watkins, vice chancellor for undergraduate life, announced. Accepted for the July class, 1974, were Rex Janes, Manchester; James M. Jaquess, Tigrett; Gary Klmzey, Memphis; Ronald Kirkland, Union City; William L. McGuire, Collierville; Joseph Manning, Tullahoma and Tommy Shaw, Sayanah, Clarence, Ellis Savannah. Clarence Ellis, Memphls and John B. Phillips, Jackson, will enroll in the January 1975 class.

Spare change?

A BFD collection booth was set up during registration, where over \$120 was collected for the annual event. BFD is facing financial problems this year with only about \$1200 now

available to finance the venture, sponsored by the Inter-Hall Council. BFD is set for May 4 and will be held between Austin

#### Parachuting will precede horse show

The UTM Sports Paraehute Club will kick off a benefit horseshow at the Martin Saddle Club April 28 with a

jump. Weather permitting, at 1:30 p.m. the parachutists will be jumping from one mile and free falling at over 120 mph The horseshow will follow at 2

Donations will be taken for the Easter Seal Center but no admission will be charged. In case of rain, the show will be held 7 p.m. May 3.

### Academic Senate passes early admissions program

A new early admission policy allowing high school juniors to earn credit during summer quarter has been

#### Ted Council is attending $FBI\ school$

Ted Council, assistant director of Safety and Security, is attending a 12-week course at the FBI Training School in Quantieo, Va., this quarter.

Council said last week he had to nieet a number of requirements in order to be eligible to attend the academy. He said In order to attend the school he had to be with the department for five years, had to go through a

background investigation and be nominated by some member of the department. Council was nominated to go to the school by Ed Neal White, director of Safety and Security

Security.
"It has been two years since I first applied to attend the school," Council said, "I am the first to go from Safety and ecurity, and the first officer from this area to go.

Council said that he would be taking courses in administration that are accredited by colleges and can be used toward a degree. Council said he would receive a certificate of recognition, and 16-semester hours credit.

Council also said that he would be taking a firearms course at the academy which will help him in his teaching of firearms courses at UTM

passed by the Aeademic

According to Henry Allison, dean of admissions and records, the policy allows high sehool juniors who are at least 16-years old and have a minimum 3.2 grade average to enroll for courses under a

summer study program. The academie credit will be awarded after the student has graduated from high school or met equivalent requirements, Allison said.

"The program has been recommended by our Academic Senate subject to approval by the UT Board of Trustees," Allison said. "It is

### Clinic advertisement fails to show results

By PATT ELMORE

Pacer Feature Editor
The number of students seeking veneral disease treatment has not greatly increased since the advertisement of a VD clinic offered in the Student Health Center, according to Harriet Nestmoreland, head nurse.

"I really haven't seen any increase since the posters appeared," Ms. West-moreland sald "We've always had the clinic here, it just hasn't been specifically advertised.

Approximately two to three cases of VD are treated on campus each week, Ms. Westmoreland said

Most of the cases treated at UTM are gonorrhea, Ms.
Westmoreland said. This is
also the most prominent VD
type reported across the
nation, she added

According to a report prepared by the Tennessee Department of Public Health in Nashville, gonorrhea is increasing nation-wide.

"There were over two million cases treated during

million cases treated during the year," the report said. "It can cause sterility in both the male and female, arthritis and blindness. A person develops no immunity to gonorrhea, therefore, he may contract it repeatedly.
"In the male," the report

continued. "gonorrhea will usually appear within three to five days after contact with an infected person.

There are two common signs, a pus discharge from the sex organ and a burning sensation and pain during urination. These symptoms are common to men. Many women show no symptoms whatsoever even though they are infected.

"Also, most recently, it was discovered that perhaps 17 percent of the men infected with gonorrhea show no signs These silent reservoirs make this disease very difficult to control and result in many people never knowing they have the disease body damage has been done."
"If a student feels he needs

treatment," Ms. West-moreland said, "we urge him to get treatment right away."
The clinic offers free

### UTM begins new series

tor women

A series of programs covering topics from religion to politics will be held for area women during spring quarter. quarter.

Billie Ann Pace, director of women's activities, said the program began officially Tuesday with the first in a three-part seminar series entitled 'The Hebrew Prophets as the Nation's

Ethel Ruth Gandy, assistant professor of religious studies, is conductiong the series, which will be continued Tuesday and April 16.

Ms. Pace stated that each of the three seminars are being held in the University Center from 1 -2:30 p.m.
A program on aelf-

Nashville Rape Prevention and Crisis Center will be next on the agenda. A demon stration and discussion of practical measures of selfdefense will take place at 7:30 p.m. Wednesday, in the University Center Ballroom. "Women in Politics" a

seminar explaining the practical roles women can play on the national, state and local political scenes, will be the featured program for the remainder of the quarter, Ms. Pace said.

Planned speakers include Dolly McNutt, mayor of Paducah, on April 18; Rep. Mary Anderson of the Ten-nessee Ilouse of Representallves on April 30 and Jane
Hardaway, State commissioner of personnel, on
May 7, Ms. Pace sald.

Ms. Pace also said she had hopes that a national female political figure would appear on the campus, but explained

that plana were still tentative The "Women in Politics" seminars will be conducted in University Center beginning at 10:30 a.m. each

International featuring a seminar on "East African Culture" and a special luncheon on April 23, a dinner theater on May 9, and a special workshop at Paris Landing State Park dealing with the "Restoration of Personal Homea" will round out the quarter of activities.

exa ninations, cultures and treatment, Ms. Westmoreland said The clinic will take eultures and smears and send them to the Jackson Public Health Center for processing.
If the culture is returned positive, treatment can be given to the student at the health center.

"The treatment usually consists of medicine which can be taken by mouth," Ms Westmoreland said.

"If a student will just come over and ask for help," Ms. Westmoreland said, "that's Westmoreland said, "that's all they need to do. Everything will be kept strictly con-fidential.

"It's something that should be treated-like a sore throat," Ms. Westmoreland said. "The sin is not in having the disease, it's in not having it

#### Testimony heard

SGA officers listen to testimony during a Congressional meeting in which four officials were cleared of gross negligence of office charges. They are, from left, Pam Tenry,

secretary of finance; SGA President Roy Herron, an unidentified Congressperson and Mike Faulk, secretary of communications.

### Four SGA officers cleared by Congress

Continued From Page One

free to do what I pleased with them after I had received them.'' Faulk continued. When asked for what pur-

pose he had ordered the albums, Faulk replied, "Roy got his for his own personal use. Farrar did not say why he was getting them."
Faulk said that he ordered

the records through SGA and signed the radio station's call

letters as a part of the order. Faulk said that he reimbursed SGA for the funds used to obtain records within five or six days after the order had been placed, but that Herron waited until he found out which records were going be shipped before paying SGA

Swann said that after talking with RSI officials, that mistake had been made on the part of the record company, that had resulted in order blanks being sent to the radio station and the SGA

under the impression that the radio station was a part of SGA, and therefore sent order

blanks to both places.
After being asked if he had ever purthased records from RSI, Herron replied, "I purchased records once through Mike. I received 10 out of the 11 records that 1 ordered and I payed for the records."

"I figured that when the blank was sent to SGA, that it was meant for SGA use," Herron said, "I felt that I had the right to get the records." However, Herron said that he did not know what RSI was before he ordered the records.

After testimony was heard, and all questions were answered by Faulk and Herron, a motion was made and passed that the charges against them be dropped.

After these charges were dropped, Swann turned the line of questioning to Farrar, who had been the central figure in the incident last ffice. quarter after it was learned Swann said that RS1 was that approximately 50 albums that he had ordered from RS1 had been stolen from the SGA

In an interview with Pacer reporters last quarter, Farrar had also admitted that he had possibly misused his office and SGA funds in obtaining the records. Farrar also admitted to the Pacer last quarter that the majority of the records be obtained in the last shipment were for Don Trywick, owner of the Next Door Market where Farrar

works as a clerk. In Tuesday's questioning, Farrar admitted that he had ordered records from RSI on two occasions, once through Faulk and once on his own. Farrar admitted to Congress that he had signed the radio call letters on the order blank, used SGA check to pay for the albums, signed the last order himself, using the title of SGA vice president on the order blank and had not paid for the rccords promptly after or-

dering them.

Farrar also admitted that he had not paid for the first order until after the question of the legality of his actions had come to light. Farrar said that he paid for both orders with the same check.

Swann pointed out that Farrar had paid for both shipments of albums with a check dated Mareh 27, which was the same day that Farrar was supoenaed to appear before Congress.

In response to Swann's statement, Farrar said that he had not paid for the first shipment because he had never received all of the albums that he had ordered and that he had not paid for the second shipment because they were stolen.

Swann then asked Farrar if Farrar. he considered the use of SGA funds a loan.

"Yes I considered this a loan from SGA," Farrar said.
Contrary to what he had said last quarter, Farrar said Tuesday that none of the albums belonged to Dou Traywick. However, Farrar did say that he showed the order blank to Traywick and let him select the albums that he wanted to order.

"Don has not pald me for any of these records," Farrar 'These are records, no money has been exchanged between us."

However, Farrar later said

the majority of the records were ordered for his or Traywick's use.

Swann asked Farrar to explain why he had ordered two copies of some of the albums. Farrar's only reply to this question was to assure the Congress that none of the albums had been sold at the Next Door.

The question of Farrar's use of the SGA phone to place the

last order for the records was brought up by Swann. Swann said that according to the SGA telephone bills for pre-vlous months that there were two unpaid long distance calls on the bill that were made to a phone in Cineinnati that is listed as Record Source

International.
"I have made personal calls on that phone, and I am prepared to pay for any calls that I have made," Farrar could

Farrar sald that he talked to Ted Council, assistant director of Safety and Security about the theft of the records, but that he had not registered formal complaint. Farrar asked Congress Tuesday to undertake some type of in-vestigation to attempt to determine who had taken the albums and to attempt to get them back for him. However, Congress adjourned before considering this request.

Upon completion of questioning of Farrar, Congressperson Jerry Caruso moved that the charges against Farrar be dropped. The motion was promptly seconded and passed by Congress

Ms. Tenry was never ealled to give testimony, although she was asked a few questions in relation to the testimony given by some of the other witnesses.

At the request of Hal Willis, Farrar's defense council, Congress voted to exempt Congressperson Tom Brock from questioning Farrar. Willis contended that Brock had outside Interests in the and therefore previously made up his mind about the guilt or innocence of

The hearing lasted approximately two hours.

### Many hours available in night classes

college credit courses for persons who cannot attend classes during the regular day schedule, according to Dr. Norman Campbell, vice chancellor for academic af-

Undergraduate eourses are drawn from almost all departments on the campus, Campbell said. The graduate programs are mainly from the schools of Education and Home Economics 

### Twenty-three students tour Southern cities for credit

Pacer Staff Writer

Getting lost in the cities was the most memorable event of a study tour through the South for one student

We got lost in every city we stayed in," the anonymous traveler commented of the trip which covered Natchez, Baton Rouge, New Orleana, Mobile and the surrounding areas. "Sometimes, though, we saw the best sites that way, especially In New New Orleans and Baton Rouge. If

we hadn't been lost in Baton Rouge, I never would have seen the LSU campus."
The trip, which took place during Spring break, was sponsored by the llistory Department under the leadership of Dr. Chester. leadership of Dr. Charles Ogilvie and Dr John Ogilvie and Dr John Eisterhold, associate professors of history Twenty-three students toured 10 ante-bellum homes under the course description of Southern history and architecture.

"It's on site visitation,"
Eisterhold explained. "When
you show slides, it's one
dimensional and abstract. But if you're on the site-can see the rooms, feel some of the artifacts--you can feel it's a house, see the people who lived in it."

The students were provided with booklets explaining the

they would see. For each house toured, they filled out a fact sheet listing such things as style of house, number of lumns and facade material While traveling, houses not on the tour would be pointed out for their architectural style,

Eisterhold sald Besides visiting the homes. the group spent an evening in New Orleans's French Quarter, Eisterhold said They toured Bellingrath Gardens and ate in an old Creole-style restaurant in Bavnu LaBa Eisterhold said. LaBatre, Ala.,

While several students seemed to like New Orleans best, Ogilvie dld not think It was worth the trouble to see It. "Architecturally the houses

are not kept up and it's very dirty literally," Ogilvie said. "I personally wish we could have spent more time in Natchez."

The problem with Natchez, Eisterhold felt, was the high prices charged for the pilgrimages.
"You spend almost \$40 to

see the five good houses there because they are spread out on tours," Eisterhold said. "They can really hook you." Despite the problems, both professors felt the trip was

successful and may be repeated.
''We learned a lot from 'trial stay, where to spend more or less time." Eisterhold said "This is something that ought to be better every year," Ogilvle added. "I

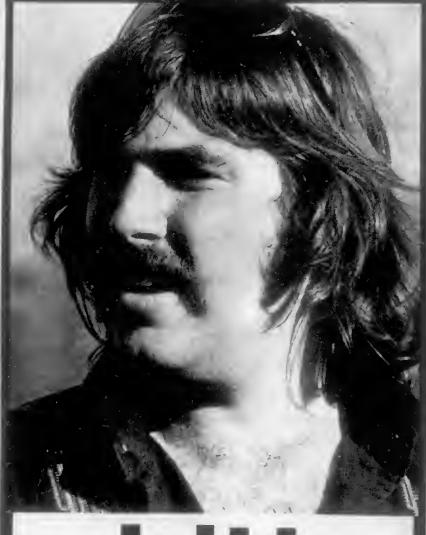

would like to see more trips.

Eisterhold will sponsor this summer's West Indies crulse, touring eight Caribbean islands on the schooner "The Flying Clous." Oglivie is sponsoring the Rivers Workshop, held April 26-28 at the Land Between the Lakes, which will study the culture which will study the culture crafts of riversblacksmithing, weaving-as well as the history of the

Ending career

Earl Knepp, 70 year old resident engineer, will retire this September after 38 years of employment at UTM. Knepp came here in 1936 to teach agriculture and has handled a number of different duties since that time

### Resident engineer to end 38-year career at UTM

Pacer Staff Writer
In his 38 years of employment at UTM, the
toughest chore for Earl M. Knepp, resident engineer, was up-rooting the peach orchard which once grew where the dorms are today.
"We had the finest peach

Knepp recalled. "People would come from all over to get some of those peaches. The hardest job l ever had was to put a bulldozer to those peach trees when we were going to build the first Y-They were almost

Knepp will retirc Sept. 1, but not without some regret.

ripe.

"I wouldn't retire if I didn't have to," he said, "but it's mandatory at 70.1 cnjoy every bit of my work and I've always

been busy."

Knepp came here in 1936 to teach agriculture. He headed the Agriculture Department and was in charge of farmlivestock for many years.

He has been resident engineer for every building on this campus except two. drew the plans and helped construct the ROTC Building, was in charge of the physical plant and sponsored the student government for 23 years.

Knepp moved into Westview Apartments from Camp Breckinridge, Ky. after World War II and taught a full class load until 1970, when he became full time resident

"You just picked up those extra jobs back then," Knepp said. "When I came here there were less than 200 students. In WW11 we got down to less than 15 boys, and most of them were 4-F." he said "The faculty manned the farm and did the physical labor then. After the war we went from 250 to 800 students in one quarter - then we taught everything. You couldn't hire teachers fast enough. I taught engineering subjects I had never taught before."

In 1936, Knepp said, the campus extended from the old Engineering building to Reed

Hall and from Freeman Hall to the ITV station.

"It's hard to imagine the school being that small," Knepp said. "Stop and think that the main Ag. classroom was in the old greenhouse near the University Center. St. Charles Street eircled the campus," Knepp said. At that time, Knepp added, they kept 25,000 chickens. Part of the

money made paid for running the University. Knepp feels the biggest change here is in loss of closeness

knew all the faculty and all the students. Now we don't know each other like when we were little. I miss that, but I don't wish we were smaller. I like progress," he said.

Knepp said his first love was teaching and he enjoyed working with the students more than anything else. His farm experience came next.

"I don't know hardly how to explain - I love agriculture and livestock," he said.

Growth has been the best change at UTM, Knepp feels, and he is proud to have been part of it.

part of it. "I don't think there's a school anywhere that has been built on cooperation of all people like this school has, from Dr. Meek through Dr. Dykes and Chancellor McGehee," Knepp said. "All asked and received cooperation from all the faculty and students. 1 really believe that's the secret of the growth

in this school. And to go from 200 to 5000 you had to grow."
A lot has happened in the time he has been here, he said. and he's seen UTM grow from a little junior college to a full university.

"You stay 38 years and you're gonna see a lot," Knepp said. "That's one lifetime, you

It lets you "speak" to your calculator with total consistency, because it lets you load data into a 4-Register Stack. This means: (1) you always enter and process your data the same way, no matter what your problem; (2) you don't have to re enter data; (3) you can see all intermediate data apprising.

Our HP-45 is one of two pre-programmed scientific pocket-sized computer calculators with this key. That's one reason it's the most powerful pre-programmed pocket-sized scientific computer calculator. Here are three of many others:

1 It's pre-programmed to handte 44 arithmetic, trigonometric and logarithmic functions and data manipulation operations beyond the basic four  $(+,-,\times,+)$ .

2 It lets you store nine constants in its nine Addressable Memory Registers, and it gives you a "Last X" Register for error correction or multiple operations on the same number. 3 It displays up to 10 significant digits in either fixed decimal or scientific notation and automatically positions the decimal point through-

out its 200-decade range Our HP-35 is the other. It handles 22 functions, has one Addressable Memory Register and also d sptays up to 10 digits in either fixed decimal or scientific notation. It's the second most powerful pre-programmed

pocket-sized scientific computer calculator Both of these exceptional instruments are on display now. If you're looking for unprecedented calculating capacity for your money, by all means see and test them.

HEWLETT AP PACKARD Hewlett-Packard makes the most advanced pocket-sized computer calculators in the world.

### Moloney receives second chance, makes best of it on Pacer moun

By DAN MORRIS

Pacer Sports Writer
Jim Moloney is making the
most out of a "second chance"

he received two years ago At 6-3", 193 lbs., the junior is UTM's leading baseball pitcher in three games, Moloney, a law enforcement major, has pitched 20 innings, two shut outs, allowed two runs and t2 hits His 90 earned-run-average leads the Gulf South Conference

A native of Mansfield, Ohio, Moloney played baseball for St Peters Iligh School, where he was chosen most valuable player his senior year as a pitcher From there he went to Akron University in Ohio to play ball, but things did not

Akron," Moloney said. "I really didn't take my pitching serious then. I had other things on my mind. I wasn't sure what I was going to do. I was almost ready to give up

college, go to work and hang everything up." Instead of quitting, Maloney made his way to UTM after talking to a friend from Ohlo. who had played baseball here

shot, since I had the chance, less a last minute walk on. It was really the only choice I had, so I took it I'm trying to make the best of it, since I did get a second chance. A lot of people don't get that chance in

Moloney has worked to achieve his present status He lifted weights last winter for seven weeks to strengthen his arm and ran one or two miles a day for three weeks before practice began.
"Jim has given two good

mound performances and he's throwing the ball a lot harder than he did last year," Coach David Warmbrod said. "Ile's coming along real well. He worked hard over the holidays, and he's in good condition It's just a matter of him staying in top shape for the upcoming games.

was broken Saturday when State's Ed East slammed a homer over the left center field fence with a man

in the sixth inning. "I threw a pitch up there and I watched it go and that was it." Moloney said. "In three seconds the pressure was off and it was all gone. I guess that's the best way it could have happened instead of having bases loaded and all that extra pressure

Moloney said he likes to see supporters at the games, but when he is pitching, he never knows who is there

When I'm on that mound, I don't know who is there or what they say," Moloney said.
"If 1 did that, 1 wouldn't be concentrating, and if you're not concentrating, you're not going to get the job done."

Moloney's shut out record Jacksonville State Saturday in what will be a must win for the

"If we beat JSU this weekend, I think the team will mature more quickly and we will go on to win the con-ference," Moloney said. "That's what we've talked about doing all year, and we know that we can do it. These next four or five days will decide our whole season. If we win the next six games, no one will stop us."

Moloney hopes to get drafted by a pro ball team after this season. He has talked to a few teams already.

''l'd go anywhere,'' Moloney id ''Beggars can't be choosy. But if it came down to a choice, I'd like to go back to Ohlo and play for the Reds."

The southpaw sees his height, weight, attitude and fast ball as his greatest assets.

### Lady Pacers settle for 3-3 tie, host Trevecca at 1 p.m. today

### Push for St. Jude raises \$8,000 over \$17,500 goal

Pacer Staff Writer
Alpha Phi Oniega's fourth
annual Push for St Jude
raised about \$8,000 over its \$17,500 goal during the Spring according to Scott Correll, chapter president Sore feet, blisters and

aching legs were forgotten by the 50 fraternity members who walked from Martin to Memphis when the staff and children greeted them at St.

The group left the UTM Administration Building at 8 a.m March 16 with Provost Jimmy Trentham pushing the wheelbarrow on the first leg of one of the two routes, Correll to Milan where they spent the first night according to Gary Larkins, chairman of the east route From Milan they traveled US 70 through liumboldt, Brownsville and Stanton into Memphis via Summer Avenue

City to Millington and High-way 14 from Millington into Memphis on Jackson Avenue, David McKelroy, west route chairman, said The groups joined at St Jude's entrance at 2:30 p.m on March 22, Correll said

Together they had walked ver 260 miles and had

### English Department selects new chairman

By RHONDA WELCH

Dr. Emil L. Roy, currently a number of the Purdue University faculty, has been selected as the permanent chairman of the English Department and will assume his duties Aug. 1, Dr. Milton Simmons, dean of Liberal

Roy received his doctorate from the University of Southern California. He and his wife, Sandra, who is also on staff at Purdue, are the authors of several textbooks, including "1974 Literary Spectrum," Simmons said.

In addition to the selection of the new department head, several English teachers are leave or working under other departments according to Mildred Payne, acting department chairman. Robert Sugg, English in-structor, is now working under

the development office 'I'm doing a three-month study evaluating the custodial department by identifying actions in hopes of improving
